Stanley -

Here is the 1877 \$1 gold
I mentioned plus the 1851-D
and 1857-D Gold Dollars as
well. With the condition
craziness that's so in vogue
now, I think these three
coins represent very good
value.

All the best,
David

BULL MARKET ALERT!

The rare coin market is stronger now than at any time in the 1990s:

➤ On May 1, Blanchard arranged for the auction of 37 coins our clients had acquired over the past 3 years. The result: an average profit of 68%.

➤ On May 20, the total proceeds of another major auction exceeded expectations by a whopping 64%.

This could be just the beginning. Pending legislation and institutional money could make today's prices seem like bargains a year from now.

We've got complete details. If you've ever thought about investing in rare coins, call us at 1-800-880-4653, please ask for extension 756.

Dear Stan:

I have been offered an 1881 2 1/2 GOLD
at substantially over catalogue.

It is a real UNC coin with a light
scratch on the reverse in the field above the
head of the eagle.-

Please advise what to pay so that
I can make a little profit and sell it
to you. - (What can you pay for it approx.???)

Best,
T. E. Werner.
